- Reduces Costs

Air Care Systems

Pro-Link's Air Care Systems

make sure your facility smells fresh and clean!

Unpleasant smells can make any facility appear dirty, no matter how clean it actually is. Pro-Link offers a full line of Air Care Systems for all facility sizes – from small to large. Using our high performance, durable solutions assures your tenants and visitors have an outstanding experience. Choose the proper solution for your facility.

StandardAire – Standard Metered System

MiniAire – Compact Metered System

DiffuseAire – Environmentally Preferred Continuous Air System

GrandAire – Large Space Continuous Fragrance Delivery System

PureAire – Air Purifying System

Metered Aerosol Systems

Freshness through fragrance and technology

Choose from Pro-Link's StandardAire & MiniAire Air Care Systems when seeking odor control for spaces up to 700 square feet (6,000 cubic feet). The only difference between the dispensers is their size. Use StandardAire for most locations and MiniAire when space is tight or a more discreet installation is desired.

These dispensers simplify use and save on labor costs with the most intuitive programming system available. This means they are simple to set up and maintain. Both dispensers have the same programming options and user interface – simplifying staff training if both units are used in the same facility.

StandardAire and MiniAire features include:

- Designed to simplify service and use
 - Patented automatic reset to programmed operation after replacing refill
 - Identical programming buttons and options makes it easy to train staff and maintain the units
 - “Quick start” option automatically sets spray intervals and fragrance intensity to operate for 30, 45 or 60 days
 - Top hinged cabinet – makes replacement of refills easier and safer
 - User configurable spray intervals, refill life and start/stop times
 - StandardAire can be set for either 3000 or 9000 spray refills
 - Refill test feature – use to verify operation of the aerosol with a 5 second countdown to spray
 - Program verification – one button confirms all programmed settings
- Smart chip automatically calculates days in use and refill life
- Intensity Plus Event patented technology
 - Extra bursts of fragrance up to 3 times per day to keep area fresh during peak periods of use
- Large LCD display
 - Patented countdown timer for each spray– reduces the risk of spraying when being serviced
 - Refill and battery life alerts
- Reliable systems
 - 10 year warranty on parts and workmanship

StandardAire and MiniAire feature a keyed lock mechanism to prevent product tampering. The dispensers use two C batteries, which can last up to 3 years. Both are available in white and chrome finishes matching any décor.

Metered Systems Refills

Fragrance refills offer a wide range of scents to match all preferences. Ten fragrances are available, suitable for all locations, such as washrooms, offices, schools and anywhere in need of fragrance and odor control. Each refill features a two-piece professional actuator to ensure optimum fragrance dispersal. Fragrances are long lasting. They are available in 3000 and 9000 spray refills for the StandardAire and 3000 spray refills for the MiniAire. All refills are V.O.C. and CARB compliant.

Refills

Fresh AirDelightful, subtle lemongrass fragrance
 Summer DayA fresh scent of clean linen hanging in the summer sun

DiffuseAir System

Effective and continuous odor control for 60 days

DiffuseAir is a great solution for facilities desiring an environmentally friendly solution. The system provides up to 60 days of continuous fragrance, operating without batteries or propellants. Fragrance is dispersed through naturally occurring air currents. The refills are V.O.C. and CARB compliant.

DiffuseAir is the ultimate air care system:

- Install and go!
 - No programming required
- Continuous 24 hour operation
- Designed to simplify service and use
 - Top hinged cabinet – makes replacement of refills easier and safer
- Optional fan module
 - Circulates fragrance in areas with limited air flow
 - Easily added to installed dispensers
- Reliable system
 - 10 year warranty on parts and workmanship

DiffuseAir Refills

Refills are available in five effective scents. The refill is entirely recyclable eliminating the need for special disposal procedures.

Refills

Summer DayThe smell of fresh clean linen hanging in the summer sun

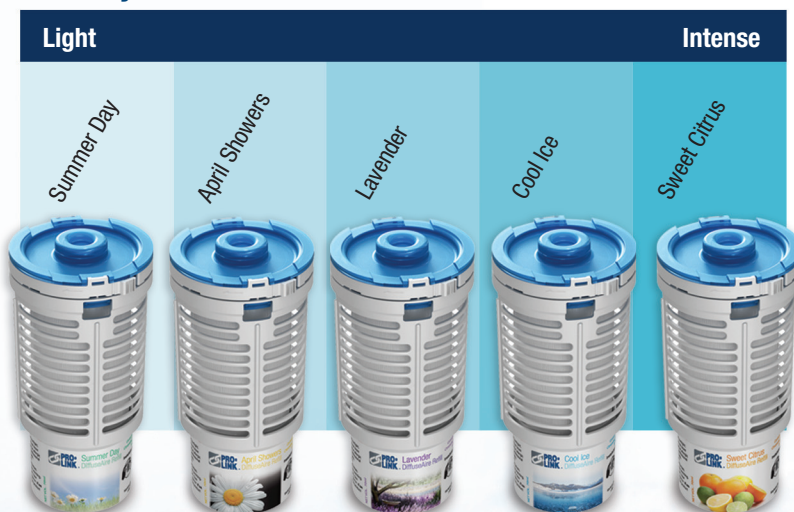

April Showers.....A clean garden fresh fragrance

LavenderSweet lavender with hints of vanilla, violet and freesia

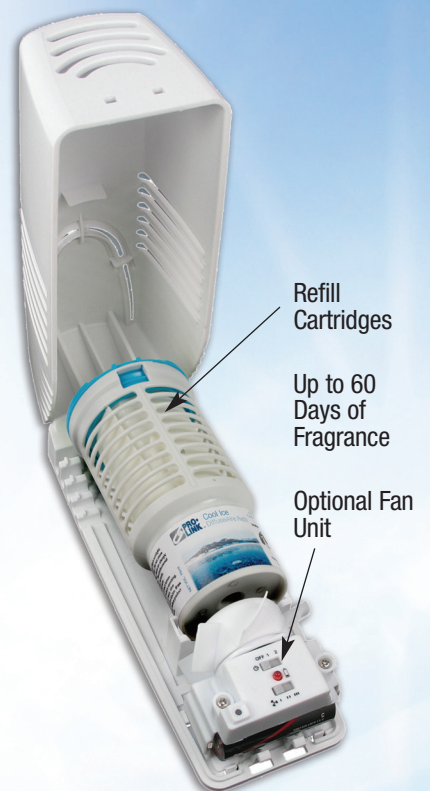

Cool IceCool refreshing mint fragrance

Sweet Citrus.....Summer citrus blend with fruity notes of orange and grapefruit

Intensity Chart

The dispenser is available in white. It features a keyed lock mechanism to prevent tampering. DiffuseAir can be wall mounted or free standing.

GrandAire Large Space Fragrancing System

Nature fused with technology to enhance interior environments

The perfect – and only – air care system for spaces up to 2,100 square feet (17,800 cubic feet)! GrandAire is unique in its ability to provide continuous and consistent fragrance delivery to large interior spaces. Fragrances are delivered with a one of a kind solid ceramic “brick” created from natural essential oils derived from wood, fruit, spices and flowers. The GrandAire system provides total user control of output and intensity, creating a positive experience in areas such as gyms, lobbies and other large areas.

GrandAire features include:

- Safe and easy to replace solid ceramic refills
- Large choice of fragrances
- Large LCD display
 - Refill life alerts
- Designed to simplify service and use
 - Quick start option lets you get the unit operating fast
 - Ultra intuitive programming system
 - Easy to set up and maintain operation
 - Choice of settings for fragrance intensity control (hi, med or low)
 - Real time programmability with 24-hour clock
 - Choice of: 8, 12, 16 or 24 hour operation; start time; and days of operation (5, 6 or 7)
 - Program verification – one button confirms all programmed settings
- One button reset to programmed operation after replacing refill
- Automatic off switch
 - Micro switch detects dispenser opening to automatically turn power off when changing cartridges
- Reliable system
 - 10 year warranty on parts and workmanship

GrandAire requires an electrical outlet for operation*. The dispenser can be wall mounted or used standalone on any flat surface. GrandAire includes a keyed lock mechanism to prevent tampering. Available in white.

*Recommended to install the 2 AAA batteries (provided) to save dispenser configurations in case of power outage. Batteries can last up to 2 years.

GrandAire Refills

The solid ceramic refills means there are no propellants, making it a smart environmental choice. The refills are available in seven different fragrances lasting up to four weeks and are V.O.C. and CARB compliant.

Refills

Forest Rain.....	Blend of spices with sandalwood and a hint of lavender
Floral Fresh	A classic scent of tropical flowers (ylang ylang), vanilla and cedarwood
Jazzy Jasmine	A sumptuous bouquet of jasmine and white flowers underscored with radiant sandalwood base notes
Exotic Berry	Fragrance woven from jasmine, cyclamen berries and orange with a woody amber base
Orange Blossom	Orange blossom and tangy effervescent glowing woody amber base
Lavender	Sweet lavender with hints of vanilla, violet and freesia
Citrus Sparkle	Fresh burst of citrus fruits

PureAire System

Harnessing nature's power – bringing outdoor freshness indoors

Bad air in – good air out, the PureAire system cleans and rejuvenates the air, refreshing the atmosphere and bringing outdoor freshness indoors. Pro-Link's PureAire eliminates unpleasant odors while purifying the air. PureAire is an ozone generating system that is easy to use and maintain. Using the latest technology, the replaceable cartridge creates ozone, which changes back into oxygen after 15 minutes. It is the ideal air care system for restrooms, offices, schools and medical facilities.

PureAire features include:

- Effective up to 600 square feet (5,300 cubic feet)
- Reduces irritants in the air
- Effective odor neutralizer
- Built in programmable timer – operates when you need it
- Suitable for fixed installation or portable applications
- Reliable – 10 year guarantee against defects in parts and workmanship

PureAire can be plugged into a standard outlet or hardwired.
