Cleaning Companion[®]

Total Care Touch-free Cleaning ▶

Complaints
DECREASED
by **96%**

A convenience store operator with over 350 locations, and extremely high-use restrooms, saw their restroom complaints drop from an average of 50 per week to 2 when they started using the Hillyard Cleaning Companion®.

Eliminate the mop bucket.

The soil and filth your staff is trying to remove mixes with the same solution they are using to clean with. Mops spread filth and dirt, Cleaning Companions remove it.

Clean Better

More surfaces get more attention.

Improve Outcomes

Manual cleaning is hard, demoralizing work - bending, reaching and scrubbing! It's the main reason restrooms continue to be the largest source of complaints, and the biggest cleaning headache for facility managers. With traditional, manual methods, surfaces rarely get the thorough cleaning they need, creating unsightly conditions and the perfect breeding ground for odor-causing bacteria!

Hillyard Cleaning Companions make cleaning easy - everyday!

Surfaces in bathrooms, like the undersides of fixtures, partitions and grout lines will finally get the attention they deserve, improving restroom facilities, cleaning quality, and staff morale!

Clean Faster

Reduce cleaning times by as much as 67%.*

Increase Productivity
Reduce Cost

Since using The Hillyard Cleaning Companion, our restrooms are the cleanest they've ever been, training is easy, my staff likes the process, and we have saved time and money.

John Dols
Buildings & Grounds Director
Kingsland Public Schools
Spring Valley, MN

Restrooms continue to be the most challenging area to keep clean.

2011 Reader Survey
Housekeeping Solutions

*According to ISSA standards, when properly performed, traditional restroom cleaning takes about three minutes per fixture and touch-free restroom cleaning takes about one minute per fixture. This time is fixture-based for total restroom cleaning which includes, walls, mirrors, floors, fixtures, trash and restocking of supplies.

Cleaning Time and Results

Because manual cleaning is so difficult, there's a good chance your staff is NOT spending the adequate time it takes to do the job right with traditional cleaning methods. The result is dirty, unsanitary restrooms.

When your staff starts using the Cleaning Companion, your restrooms will be cleaner, and more sanitary in about one minute per fixture, because the Cleaning Companion is easier to use and more effective.

Total Care, Total Savings

Integrate touch-free cleaning and re-stocking supplies.

Simplify, Improve Productivity

1 Clean, Vac & Supply

Designed for vacuum recovery of soiled solution and full-service restocking of restroom supplies. Removable maid caddy nests in front-mounted pivot arm. The top of C3XP acts as a shelf to stock 6 cartridges of 1250mL hand soap or bulk soap. The water-resistant, zippered, rear bag can easily hold 3 - 800 ft. hard-wound roll towels and 6 - rolls of toilet paper. There is room for plastic liners and other supplies in the caddy.

System Components

HIL99238 - C3XP Standard Unit
HIL99240 - C3XP Recovery Unit
HIL30365 - C3XP Pivot Arm

2 Clean, Supply & Trash

Designed for squeegee and/or microfiber removal of soiled solution, light restroom trash pick-up, and full-service restocking of restroom supplies. Removable maid caddy nests in front-mounted pivot arm or on top of the C3XP. The top of the C3XP or the top of the front-mounted water-resistant bag acts as a shelf to stock 6 cartridges of 1250mL hand soap. The water-resistant, zippered, rear bag can hold 3 - 800 ft. hard-wound roll towels and 6 - rolls of toilet paper. There is room for plastic liners and other supplies in the caddy.

System Components

HIL99238 - C3XP Standard Unit
HIL30730 - C3XP Utility Bag
w/Pivot Arm Kit

C3XP Sustainability

Reduce chemical and water consumption - 1/2 gallon per minute flow rate, concentrated chemicals, and onboard dilution control.

Use environmentally-preferred cleaning solutions like Hillyard Green Seal™ certified Suprox®, a peroxide based multi-purpose cleaner, and Green Select® Bathroom Cleaner.

Maximum Versatility

Limitless system configuration options to meet your needs.

Eliminate the Maid Cart

Design Your Own System

We've listed four examples of how you can configure your C3XP. Order the system components listed or design your own system. Add the accessory items that meet your needs and you have a custom restroom cleaning system!

3

Clean & Vac *

Our most compact configuration is designed for quick cleaning and vacuum recovery of soiled solution. The removable maid caddy rests on top of the C3XP where there is room for plastic liners and other supplies.

HIL99238 - C3XP Standard Unit
HIL99240 - C3XP Recovery Unit

4

Clean & Supply **

Designed for squeegee and/or microfiber removal of soiled solution, and full-service restocking of restroom supplies. Removable maid caddy nests in front-mounted pivot arm or on top of the C3XP. The top of the C3XP, or the top of the front-mounted, water-resistant bag can act as a shelf to stock 6 cartridges of 1250mL hand soap. The water-resistant, zippered bag can hold 3 - 800 ft. hard-wound roll towels and 6 - rolls of toilet paper. There is room for plastic liners and other supplies in the caddy.

System Components

HIL99238 - C3XP Standard Unit

C3XP Standard Unit

Each HIL99238, C3XP Standard Unit comes with the following:

- C3XP Unit w/Battery
- Mr. Long Arm Ext. Pole
- 18" C3 Squeegee
- Maid Caddy
- C3XP Utility Bag w/Pivot Arm
- Portable Battery Charger

Storage Options Unlike Any Other Touch-free Systems

Use the zippered, water resistant bag for storage or trash. The top shelf is sewn-in on one side, and hook & loop fastened on the other. Shelf is in the up position for storage of soap or other supplies. Drop the shelf, and you have a fully functioning trash receptacle.

* Shown with optional bottle fill accessory, HIL30732.
+ Comes standard with one Mr. Long Arm Extension Pole. Shown with a second Mr. Long Arm Ext. Pole available as an accessory item

Affordable Touch-free Cleaning + Total Care Restroom System = Extraordinary Outcomes!
