CARPET CARE SYSTEM  
ELECTROLYTIC CLEANER • DEODORIZER AND SOIL RETARDANT  
FOR RESTORATION AND MAINTENANCE OF CARPETS

**PRODUCT  
SPECIFICATION  
BULLETIN**

**THE FINEST IN JANITORIAL PRODUCTS, SUPPLIES AND EQUIPMENT SINCE 1946**

Product No. 253

**PRODUCT DESCRIPTION**

Date prepared: 1/2005

**LAWTON'S LIBERTY** is a revolutionary breakthrough in carpet cleaning technology. Liberty is a carpet care system in one product. It's a cleaner, deodorizer and soil retardant. A unique power principle employed in its electrolytic technology enables Liberty to release deeply embedded soil from the carpet electro dynamically. LIBERTY is easy to use and gives you *freedom from excess labor*. Implement the Advantage Plus Liberty carpet care maintenance program and liberate yourself from the burdens of carpet care.

**DIRECTIONS**

**PROACTIVE MAINTENANCE PROGRAM:** *Daily care:* Vacuum carpet thoroughly and remove spots daily with Liberty. *Periodic Care (3 to 6 times per year):* Bonnet clean or fast extract entrances and traffic patterns. *Deep cleaning (every 6 to 24 months):* Thoroughly extract the carpet.

**AREAS OF USE:** Carpet pre-spray, extraction cleaner and spotter for use on olefin, nylon, nylon blends, stain resistant carpets, carpets treated with protectors and most natural fiber carpets. *Not for use on carpets that require dry-cleaning.*

**DIRECTIONS:** *Test for color fastness and effect on texture on an inconspicuous area before cleaning.* Remove furniture and vacuum to remove loose soil. Clean as directed below. When carpet is thoroughly dry, vacuuming further removes encapsulated soil and enhances fiber texture. To prevent foaming add LAWTON'S STEAM DEFOAMER or DEFOAMER CONC. to the recovery tank.

**PRE-SPRAY & SPOT CLEANING:**

- **PRE-SPRAY, NORMAL TO HEAVY SOIL:** Dilute 8 to 16 ounces per gallon water. Spray and agitate soiled areas with carpet brush then extract.
- **SPOT CLEANING:** Dilute 8 ounces per gallon water. Spray and agitate soiled areas with carpet brush. To remove, apply pressure with absorbent towel or extract.
- **RESTORATION PRE-SPRAY WITH ENZYMES FOR EXTREME SOIL:** Mix together 16 ounces **LAWTON'S LIBERTY** and 16 ounces **LAWTON'S K-9** per gallon water. Using a plastic pump-up sprayer, spray carpet with special attention to soil spots and traffic lanes. Let pre-spray work 15-20 minutes. If necessary, apply a second pre-spray on heavy soil areas then agitate and thoroughly extract.

**EXTRACTION CLEANING OR EXTRACTION FOLLOWING PRE-SPRAY:**

- **REGULAR MAINTENANCE EXTRACTION:** Extract with 2 ounces per gallon water.
- **RESORATION EXTRACTION:** Extract with 4 ounces per gallon water.

**BONNET SYSTEM CLEANING:** Dilute LIBERTY (1:8) 16 ounces per gallon of water. Spray the area then wait 5-10 minutes. Move machine over sprayed carpet in a circular motion with a moistened carpet bonnet. Change bonnet frequently.

**CAUTIONS**

**CAUTION:** Do not swallow. If swallowed, get medical help immediately. Do not get in eyes. If eyes are contacted by product, rinse thoroughly with cool water. If cleaning by hand for an extended period, it is recommended to wear rubber gloves to protect skin from irritation. **KEEP OUT OF REACH OF CHILDREN.**

**CAUIDADO:** Este producto no es para beber. Si se traga, busque asistencia médica inmediatamente. Evite contacto con los ojos. Si hace contacto con sus ojos, enjuáguelos con agua fresca. Si limpia a mano, es recomendado que use guantes de goma para proteger su piel contra la irritación. **SIEMPRE MANTENGA ESTE PRODUCTO FUERA DEL ALCANCE DE LOS NIÑOS.**

**HAZARDOUS INGREDIENTS:** ..... None.

**PROTECTIVE EQUIPMENT**

It is recommended to wear protective gloves and protective eyewear when using this or any chemical cleaning product. When spray applying, ventilation and breathing protection is recommended.

**TECHNICAL DATA**

Total active ingredients .....	22.6% by wt.
Nonvolatile matter .....	22.6% by wt.
Color and appearance .....	Milk blue liquid.
Odor .....	Pleasant floral fragrance.
Viscosity .....	Water thin.
pH .....	6.8 ± .5 @ 25°C.
Specific Gravity .....	1.064 @ 25°C.
Weight per gallon .....	8.84 lbs. per gallon.
Biodegradable (organic components) .....	Yes.
Phosphorus content .....	< .2% by wt.
Detergent type .....	Nonionic & anionic.
Foam height .....	Moderate to low.
V.O.C. (Volatile Organic Content) .....	Trace amount to none.
Flash point & method used .....	Nonflammable.
Shelf life (stored properly) .....	2 years.
