

Grout Cleaner

- First step in a complete grout cleaning system
- Alkali, water soluble solvents and detergent formulation
- Quickly penetrates dirt, grime, scum and grease
- Keeps restrooms, kitchens and any area with stone or ceramic floor looking fresh & clean

DIRECTIONS

Wear gloves and chemical resistant safety glasses when working with product.

Prior to applying Grout Shield

- 1) Mix 1 part Grout Cleaner with 5 parts water in a pump sprayer.
- 2) Spray floor area liberally with solution and allow 5 minutes dwell time.
- 3) Scrub grout with a low speed floor machine and a Nylo-Grit type brush or a cylindrical type brush machine. Repeat scrubbing action in all directions for a thorough cleaning.
- 4) Pick up used solution and rinse with clean water.

Item #10046 – 1 Gallon

TECHNICAL DATA

Dilution	25 oz. per gallon
